

# Holly & Berry

Appliqué / Embroidery Pattern

design approx. 4" square

oval sample approx. 7¼" x 6"

Whether you prefer the delicate artistry of hand turned appliqué or a machine raw-edge solution, this simple, yet versatile design is adaptable to your favorite technique.

## Instructions

The Holly & Berry pattern uses 3 or more fabrics. Choose a background, holly, and berry fabrics.

Cotton 80wt works wonderfully for hand appliqué. If you prefer to machine stitch a Holly & Berry project, consider using Cotton 80wt, 50wt, or 40wt on the machine.

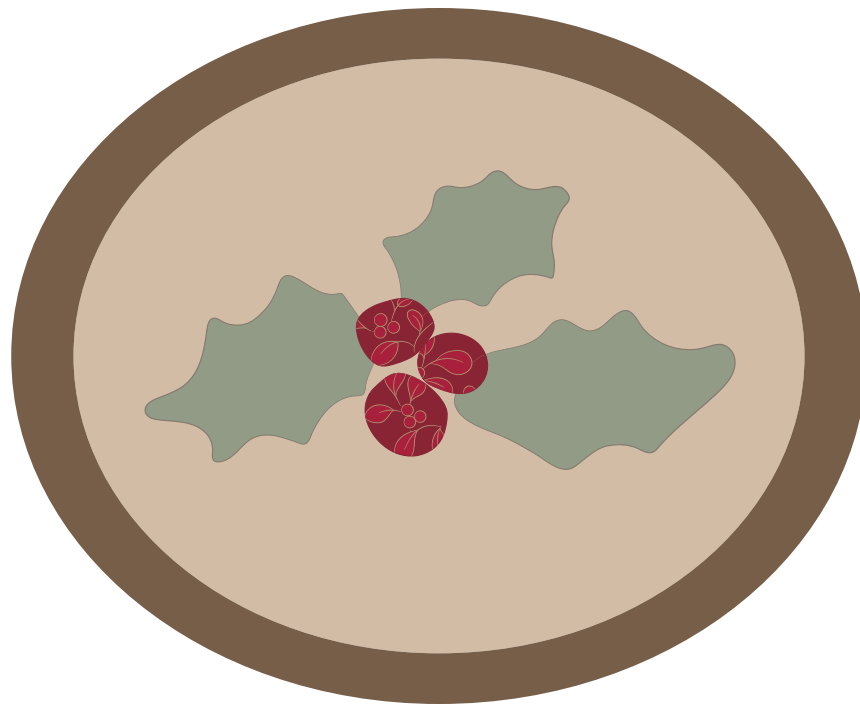

Print the shape template and follow your favorite method for preparing and appliquéing the design.

Our sample was needle turn appliquéed with Aurifil Cotton 80wt thread and displayed in an oval hoop.

**TIP: choose thread colors that complement the appliqué fabric.**

The design can be finished as an ornament, to adorn a tea towel, accent a table topper, or anything you can imagine.

**Enjoy.**
